

56 bonnes pratiques de prévention (octobre 2010)

Les 56 bonnes pratiques suivantes ont été retenues par le groupe de travail. A l'origine, 105 pratiques européennes ont été identifiées par les partenaires. Les 56 sélectionnées ont été choisies en fonction des attentes des différents partenaires.

Sur ces 56 bonnes pratiques, les recherches de données vont être poursuivies pour permettre de mieux cerner les clés de réussite, les facteurs limitants... permettant de les transposer dans d'autres territoires avec d'autres spécificités. Certaines de ces pratiques seront éventuellement regroupées en une seule fiche mettant en avant une pratique et mentionnant par exemple des variantes constatées dans d'autres situations.

Packaging

Reducing packaging

- Marche 4: Fair Hotel (reducing packaging waste), Italy
- IBGE 12: Eco-taxation on disposable plastic bags, disposable kitchen utensils, food wrap & aluminium foil, Belgium
